

Road Map of the EU-Africa Infrastructure Partnership
Annex to 2012 Joint Statement of the Steering Committee

N°	Activity	Action	Implemented by		Timing	Source of financing
			Lead	Involved actors		
1	Governance of Partnership					
1.1	Establishment of ad-hoc working groups for the Infrastructure Partnership	Establishment of reference group for infrastructure comprised by nominees from Partnerships on transport, energy, ICT, and trans-boundary water	AUC-EU		2012-2013	
1.2	Secretariat of Steering Committee provided by AUC	Continuation of AUC tasks and TA support, including reporting on PIDA implementation	AUC	NPCA, EU	2012-2013	To be discussed
2	Advocacy and Harmonisation					
2.1	Policy harmonisation measures	Support to regulatory and/or sectoral authorities on the enabling environment, inter alia PPP framework, innovative financing and also: Transport: road and vehicle standards and loading, road maintenance, road safety Energy: support for hydropower development ICT: open access cross-border guidelines and policy harmonisation agenda; development of e-strategies for introduction and promotion of e-applications	AUC	RECs, specialised institutions	2012-2013	To be discussed Power pools – see below Air navigation – see below
2.2	Facilitation of inter-state trade, by accompanying measures to Partnership n°3, notably through Joint Border Management	Study of institutional, regulatory and procedural measures and ICT, energy network provision	AUC-DIE	AUC-Commerce	2012-2013	To be discussed

2.3	Advocacy: Organisation of the Fora on Infrastructure and Energy	Organisation of Energy and Transport Fora to promote public-private sector adhesion for PIDA-PAP implementation and partnership agenda	AUC-EU		Energy Forum - May 2012 (Cape Town) Transport Forum - by end 2012	To be discussed
2.4	<i>Raising awareness</i>	Development of communication tools for dissemination of partnership activities, including Port Moresby (video, brochures..)	AUC	RECs, specialised institutions	2012	To be discussed
PIDA - PAP						
3	Capacity building					
3.1	Strengthening of institutional coordination structures and capacity building with African stakeholders (RECs, NPCA, AUC..)	Operationalization of IAIDA and capacity building: - Organisational planning, establishment of CID and advisory group - Capacity building of RECs in transport, energy, ICT and water sectors Mapping of EU Commission support to AUC/RECs/Specialised institutions	AUC EU	NPCA and RECs specialised institutions TA support	2012-2014 2012	To be discussed
3.2	Appointment of coordinators for pilot projects	Functioning of TAH corridor coordinators	AUC	RECs	2013-2014	€4M TA programme 10th EDF
3.3	Satellite-based augmentation services for navigation	Support to Air Transport Sector and Satellite Navigation 1/ Strengthening of African entities in legislation, regulation and enforcement in air traffic management and air navigation services. 2/ Building of core technical capacity for SBAS (Satellite Based Augmentation Service), preliminary backbone infrastructure	AUC	AFCAC and RECs with: EASA, specialised institutions	2012-2015	€9M TA programme for air traffic and navigation / satellite navigation EGNOS supported by 10th EDF

3.4	Enhancing maritime safety and security	Maritime Transport Sector Enhancing maritime security, safety, environmental protection and strengthening, law-enforcement capability in West Africa and Horn of Africa regions	AUC / IMO	RECs, MOWCA, national maritime authorities	2013-2014	€5M TA programme 10th EDF
3.5	Establishment of geo-database	Development of geo-database for infrastructure by development, NPCA database, interconnection of REC databases	AUC	NPCA and RECs ADB	2013-2015	To be discussed
3.6	<i>Energy sector</i>	Support to AFUR and African power pools as trade facilitators and main planners of regional energy infrastructure programmes	AUC	RECs, specialised institutions	2012-2014	€8M + €6M TA programme 10th EDF
4	<i>Project Preparation and Implementation</i>					
4.1	<i>Reinforcing project preparation</i>	Coordination and streamlining of project preparation facilities Ensure appropriate mix for mobilisation of funds for increased project preparation (ICT, transport, energy, water) for PIDA-PAP from USD200M to USD 500M annual budget	AUC-NPCA	ADB/NEPAD -IPPF; ICA	2012-2015	To be discussed
4.2	€10M "Port Moresby" support programme - AUC-INFRA-10M-120407 DAC code 43010	Road - Gambia bridge (design review/construction), TAH-3 (FS/design studies), Lobito Corridor (FS/design studies) Rail - integration into regional and national programmes Air sector - continued support/capacity building Energy - continued support/capacity building	AUC NPCA	RECs ADB, ITF	2012-2015	To be discussed Gambia bridge anticipated under EU-RIP, ADB regional funds

4.3	<i>Resources for initial PIDA-PAP projects</i>	Support for implementation of mature projects ("quick starts and early wins") under PIDA-PAP	AUC-NPCA	REC/National	2012-2015	To be discussed (EDF RIP / ENPI)
4.4	EU-Africa Infrastructure Trust Fund	Continued funding of regional infrastructure projects (ongoing commitments and disbursements) Specific emphasis on project pipeline preparation, including feasibility/design studies	ITF		2012-2015	13 EU donors
		Expand array of financing tools Elaborate and detail conditions for implementation	ITF		2012-2015	
4.5	<i>Mobilising private sector</i>	Advance policy measures (see above on policy regulation) Expand financing tools (ITF, see above)	AUC, RECs ITF		2012-2015	Refer 2.1, 4.4
4.6	<i>Monitoring and evaluation</i>	Conclude evaluation, action plan on recommendations	ITF		2012-2013	ITF
