Ref.: International, open call for tender for the “Clean Cooking Project for Africa”.

Tenderer: The Global LPG Partnership, Inc. (GLPGP)

Project Measures: Consultant shall contribute to a national process led by Tenderer and the Ghana Government to design a large-scale LPG fuel-switching programme in Ghana including reform of LPG market rules, estimation of national LPG scalability potential (demand and supply), reengineering of the value chain, and identification of required interventions and investments throughout the value chain.

Requested Services:

- Assess the national market potential for LPG for cooking subject to (i) completion of favorable reform of the LPG market and corresponding governmental policy and regulation; (ii) financial interventions to unlock consumer demand for LPG; (iii) corresponding investment in LPG supply and distribution.
- Working with GLPGP experts, identify, prioritize and recommend interventions and investments (i) to unlock LPG demand and (ii) to supply the unlocked LPG demand.
- Support GLPGP experts in their work to advise the Government of Ghana on development of a reform plan for the national LPG market and corresponding law and governmental regulation.
- Produce a market assessment report regarding the foregoing items (as specified in the project ToR).
- Assist GLPGP with project management and administration for the foregoing items.

The prequalification of experienced Consultants is subject to the regulations contained in the [Guidelines for Assignment of Consultants in Financial Co-operation Projects](#) (see www.kfw-entwicklungsbank.de). The contract will be awarded to an independent consultant firm with proven experience in the LPG sector, the region, the redesign of commercial markets/value chains, and work supported by international development partners, and having an annual turnover of at least 1,000,000 EUR.
